

## The church of Jesus Christ

What is the church *really* all about? Am I a part of it?

What is my place in it? How should it function?

To many today who profess to be Christians church is little more than a weekly meeting designed to allow them to spend a time in worship.

God's concept of the Church of Jesus Christ is radically different, and here in the book of Ephesians, Paul shows them, and us, what Christ's church is really all about!

In chapters 1 - 3 he deals with what the church is, and then in chapters 4 - 6 he deals with how the church functions.

Living in the present,  
living for the future!
